OBJECTIVES OF THE PROGRAMME

Tobacco use is the leading global contributor to preventable disease and premature mortality, killing half of its users before they reach reproductive maturity. Use of tobacco increases the chance of developing diseases such as cancer, cardiovascular disease (CVD), diabetes, chronic pulmonary disease, stroke, infertility, blindness, TB, oral cavities, etc. According to the Global Youth Cigarettes Survey (GYTS), 2009, 14.6% of Indian youths between the ages of 13 and 15 use tobacco. Many health issues, such as more frequent and severe asthma episodes, respiratory infections, ear infections, sudden infant death syndrome (SIDS), coronary heart disease, stroke, lung cancer, etc., are brought on by passive smoking or second-hand smoke exposure in newborns, youths, and adults. Governments all around the world, including India, have passed laws prohibiting smoking on school grounds. Colleges and institutions that have enacted laws banning the use of tobacco products at all indoor and outdoor campus sites are considered to have tobacco-free campuses. Therefore, NSS Unit of GGDC Mangalkote has arranged an outreach programme on “Anti-Tobacco Campaign” by visiting Mathrun High School on 21st July, 2022. The main objectives of this programme are:

- Highlight the links between the use of tobacco products, tobacco control and sustainable development.
- Demonstrate how individuals can contribute to making a sustainable, tobacco-free world, either by committing to never taking up tobacco products, or by quitting the habit.
- Spread Awareness on the adverse effects of both direct and passive Smoking.

PROCEEDINGS OF THE PROGRAMME

On 21st July, 2022 NSS unit of our college visited Mathrun High school which is located at a distance around 5 km from the College campus. NSS coordinator Mr. Aritra Rudra has already informed of the Head-Teacher of the School about the “Anti-Tobacco Campaign” and thus with together their joint initiative the programme has begun on 11 am. The head teacher has gathered students of class IX, X, XI and XIII in a large class room and then he introduced the faculty members from GGDC Mangalkote in front of students. NSS coordinator has given a brief overview of the programme and then requested Dr. Debasish Kundu, Assistant Professor in Chemistry, GGDC Mangalkote, to deliver the lecture.

Dr. Debasish Kundu has discussed all the critical effects of consuming tobacco on health. He also discussed how active and passive smoking are harming mankind day by day. The relation of tobacco consumption with different diseases such as cancer, respiratory problems (COPD), diabetics, Asthma, heart disease was explained by him. At the end of the lecture, the students interacted with several queries related to tobacco consumption and the programme was ended by a short speech of Head -Teacher of the School.

PARTICIPANTS

Students of class IX, X, XI and XIII of Mathrun High School, Mr. Aritra Rudra, NSS coordinator of GGDC Mangalkote, Dr. Debasish Kundu, Assistant Professor in Chemistry, GGDCM, Teachers of Mathrun High School.

RESULT OF THE PROGRAMME

Large number of middle age students participated in this programme and they became aware about the effects of tobacco-consumption. This will help reduce the burden of disease, death, and economic consequences caused by tobacco use and exposure to second-hand smoke in this region.

GLIMPSES FROM THE PROGRAMME

Dr. Debasish Kundu delivering a sensitizing lecture against the use of tobacco (accompanied by the NSS Programme Officer, Mr. Aritra Rudra and the college librarian, Mr Goutam Mondal).
