OBJECTIVES OF THE PROGRAMME

To provide the students of Palishgram High School an experience of some vital chemical reactions that forms the foundation of Chemistry in Higher Educational Institution and various researches. To make the students understand the real-world context and challenges associated with different scientific techniques.

DESCRIPTION OF THE VISIT

During the visit to the Laboratory of Department of Chemistry, Government General Degree College, Mangalkote, the students had the opportunity to observe and assess the infrastructural facilities of the Department of Chemistry in the context of Higher Education. The visit has been documented as follows:

The visit began with the explanation of various techniques of analysing chemical substances and their composition in a Chemistry Laboratory. Then, they were taken to the Chemistry Laboratory where shown various kinds of chemicals, glasswares and apparatus required to carry out experiments in a Chemistry Lab. Then, the faculty members demonstrated a few chemical reactions and described their applications in research. The enthusiastic students were very pleased and expressed their desire to take up Chemistry for higher education.

OUTCOME OF THE PROGRAMME

The laboratory visit provided the students with a comprehensive understanding of the different applications of chemical reactions. It was evident that the department's infrastructure was well-designed and equipped to support various analyses and research activities. The visit also inspired the students with research ideas and expanded their knowledge base, which can be beneficial when conducting literature reviews, designing research methodologies, and formulating research questions in chemistry. It also acted as a source of inspiration for them to pursue higher education.
