AT: 02.00 P.M.

Venue: Seminar Hall, 2nd Floor

ABOUT THE PROGRAMME:

The programme aims to enlighten the students about land management systems in the light of current environmental issues, soil fertility, productivity and sustainable development. It will thrust upon how trees and shrubs can be integrated into crop and animal farming to generate environmental, economic and social benefits. Considering the rural background of the college and the agrarian households the students belong to, the institution hopes to make the students aware of the prospects around their homes.

TARGET AUDIENCE:

U.G. Students of GGDC, Mangalkote
