SEMINAR REPORT

ON

Artificial intelligence- Benefits and Pitfalls

ORGANISED BY: UGC-SEMINAR COMMITTEE

DATE: 11.03.23

TIME: 2.00 pm – 3.30 pm

VENUE: Seminar Hall, 2nd Floor

OBJECTIVE OF THE SEMINAR:

The seminar was organised to make the students aware of the much-hyped technological development that has been taking the IT industry by storm. 'Artificial Intelligence' or 'AI' has become a topic of discussion in almost all international platforms and like any other scientific technology it has its own advantages and drawbacks. All these details were intended to be discussed in the seminar.

SPEAKER:

Dr. Animesh Mondal, Assistant Professor, Department of Zoology, GGDC, Mangalkote

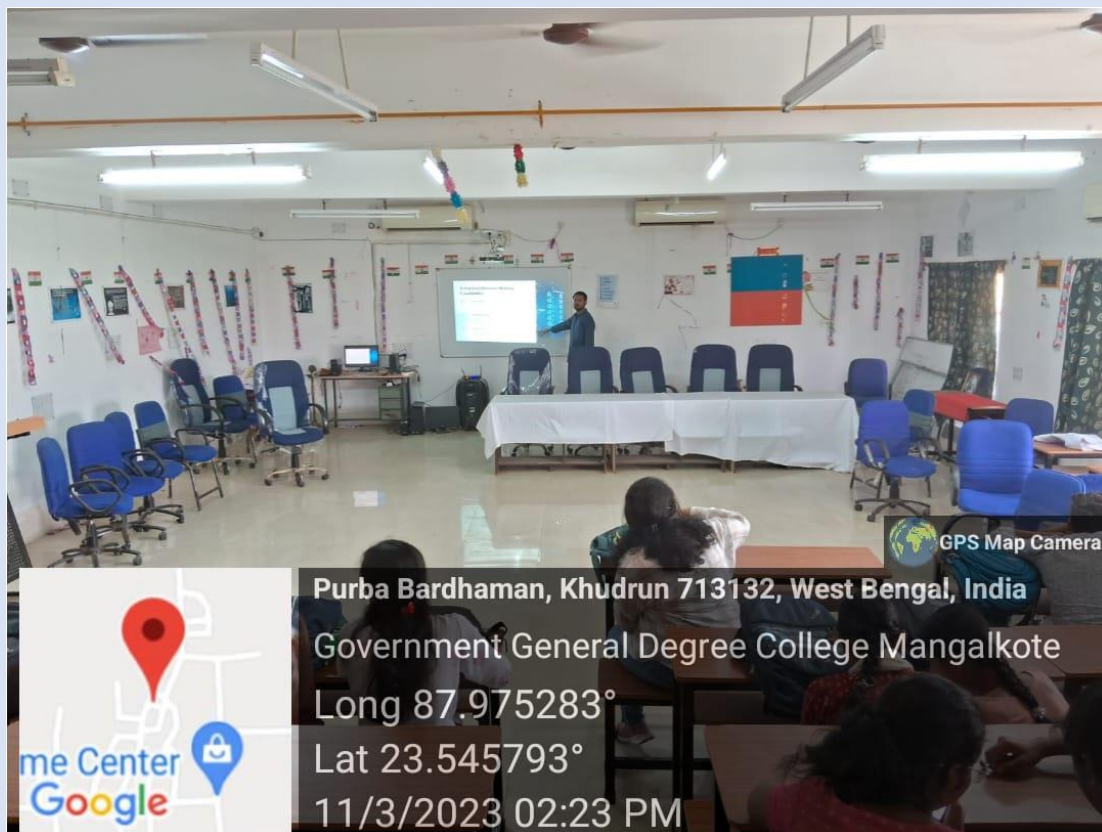

PROCEEDINGS OF THE SEMINAR:

The speaker began his deliberation by describing how Artificial Intelligence (AI) is rapidly evolving and revolutionizing the way we live and work. He gave examples of voice assistants like Siri and Alexa and went on to self-driving cars and chatbots, to stress on the fact that AI is increasingly becoming a part of our daily lives. Nevertheless, no matter how promising they seem to be they have their own pitfalls, many of which goes against the human race, that have emerged as a matter of concern worldwide. These drawbacks have prevented their unanimous acceptance from every corner. These were described by the speaker while introducing the topic. He then went on to describe the benefits of AI which includes automation of tasks which would otherwise be time-consuming and labour-intensive. To substantiate this, he gave examples of AI-powered robots which can perform complex surgeries with greater precision than human surgeons reducing human errors and allowing the doctors to focus more on critical aspects of patient care. He further described the applications of AI in the industrial sector where it can be used to analyse data related to seasonal fluctuations in businesses and customer-behaviour which can be largely used to revamp business strategies. In the next part of his lecture, the speaker described the pitfalls of too much dependence on AI that has been stirring the human society. The most discussed of all topics is the joblessness it can lead to due to automation. Then there have been reports of biases and skewed decisions with AI because of its prior-programming which can interfere with the actual research outcomes in businesses and social sciences-oriented research. The speaker highlighted these arts. Then, there are issues of leakage of sensitive information, be it private or concerning national security due to technical glitches or purposely that may have serious future implications as elaborated by the speaker. Eventually,

GLIMPSES FROM THE SEMINAR:

PIC.1: THE SPEAKER WITH HIS PRESENTATION ON 11.03.23

PIC.2: THE SPEAKER PRESENTING HIS LECTURE ON 11.03.23

the speaker concluded the lecture by highlighting the ethical issues associated with the use of AI that has led to the global controversy.

PARTICIPANT DETAILS:

NO. OF STUDENTS REGISTERED FOR THE PROGRAMME: 44

NO. OF STUDENTS ATTENDED THE PROGRAMME: 39

OUTCOME OF THE PROGRAMME:

The students came to know about the latest technological trends of AI, the issues associated with it and its implications on day-to-day life of every citizen.

UGC-SEMINAR COMMITTEE

DATE: 04.03.23

NOTICE

All concerned are hereby notified that a Seminar on “*Artificial Intelligence – Benefits and Pitfalls*” has been scheduled to be organised by the UGC-Seminar Committee, GGDC, Mangalkote on 11.03.23 from 2.00 pm – 3.30 pm (venue – Seminar Hall, 2nd Floor). The programme aims to spread awareness about the recent trends in technological advancements with respect to artificial intelligence. The benefits and drawbacks of this development in every sector will be discussed by our in-house resource person, Dr. Animesh Mondal, Assistant Professor, Department of Zoology, GGDC, Mangalkote in the said programme.

All the departments are requested to encourage their students to participate in the programme and register for the same as early as possible. The brochure will be shared shortly.
