MANGALKOTE**

SEMINAR REPORT

ON

RAPID DIAGNOSTIC TESTS

ORGANISED BY: UGC-SEMINAR COMMITTEE

DATE: 16.02.19

TIME: 1.00 pm - 2.30 pm

VENUE: Seminar Hall, 2nd Floor

OBJECTIVE OF THE SEMINAR:

The seminar was aimed to inform the students about the health issues which exist mostly because they go undiagnosed. Though modern scientific inventions have enabled diagnoses of several diseases, several of these technologies are too expensive to be afforded by resource-deprived countries and cannot be used in field studies. Based on this background, the aim of the programme was to spread knowledge about cheaper and more effective alternatives in this field.

SPEAKER:

Dr. Debraj Biswal, Assistant Professor, Department of Zoology, GGDC, Mangalkote

PROCEEDINGS OF THE SEMINAR:

The speaker began his deliberation by describing the health issues that exist on a global scale, their contagious nature and their transmissibility. He then went on to describe how they managed to exist in different parts of the world mainly because they have escaped diagnoses and how they can give rise to pandemics in worst incidences. He described about the rising cost of medical facilities and how they cannot be availed by the resource-deprived nations where, ironically, the medical problems are highly prevalent. However, the modern diagnostic technologies are often not applicable in field diagnoses and at high rates which are often required to detect diseases and control their transmission. They can also be used to design mass treatments. Then, the speaker highlighted the latest developments in the diagnostic testing techniques in the form of kits which can be used under field conditions to diagnose diseases rapidly and effectively without requiring much specializations. Some kits have been advanced to levels where they can be used for self-testing and have been made available in the markets. However, they still need refinements for several other diseases which though common can wreak havoc if left undiagnosed and uncontrolled. The speaker elaborated the working-mechanisms of such kits, their applicability and scope for further developments.

PARTICIPANT DETAILS:

NO. OF STUDENTS REGISTERED FOR THE PROGRAMME: 41

NO. OF STUDENTS ATTENDED THE PROGRAMME: 32

OUTCOME OF THE PROGRAMME:

The students came to know about the existing global health crises, their reasons and how they can have severe impacts on global economy if left undiagnosed and uncontrolled. They were made aware of the latest developments in the field of medical research and allied technologies.

GOVERNMENT GENERAL DEGREE COLLEGE AT MANGALKOTE

UGC-SEMINAR COMMITTEE

DATE: 02.02.19

NOTICE

All concerned are hereby notified that a Seminar on “*RAPID DIAGNOSTIC TESTS*” has been scheduled to be organised by the UGC-Seminar Committee, GGDC, Mangalkote on 16.02.19 from 1.00 pm – 2.30 pm (venue – Seminar Hall, 2nd Floor). The programme aims to make the students aware about the recent developments in the rapid diagnosis of various diseases that are important to prevent the transmission of diseases in a community and also for the timely redressal of health issue. Dr. Debraj Biswal, Assistant Professor, Department of Zoology, GGDC, Mangalkote will act as the in-house resource person for the said programme.

All the departments are requested to encourage their students to participate in the programme and register for the same as early as possible. The brochure will be shared shortly.

GOVERNMENT GENERAL DEGREE COLLEGE, MANGALKOTE
UGC SEMINAR COMMITTEE

Invites you to join the
SEMINAR
on
RAPID DIAGNOSTIC TESTS

on 16.02.19
AT: 01.00 P.M.
Venue: Seminar Hall, 2nd Floor

ABOUT THE PROGRAMME:

There has been tremendous developments in the field of rapid diagnosis which mainly targets the economically deprived countries and documentation of the endemic diseases therein. It serves as a preventive measure for a pandemic breakout and also helps in large volumes of tests to be carried out by researchers/medical practitioners in a particular geographical area. Further technological developments in this sector can increase the sensitivity and ease of operation of these tools. Affordability is also an important factor which the researchers have to keep in mind while working in this area. The programme aims to make the aware of these research developments and their roles in boosting the health sector in the future.

TARGET AUDIENCE:

U.G. Students of GGDC, Mangalkote

SPEAKER:

DR. DEBRAJ BISWAL

Sub: Invitation to deliver a Special Lecture titled “*Rapid Diagnostic Tests*” in the in-house seminar organized by UGC-Seminar Committee, GGDC, Mangalkote on 16.02.2019 at 01:00 PM.

Sir,

It is our honour to invite you as a speaker to deliver a Special Lecture titled “*Rapid Diagnostic Tests*” in the in-house seminar organized by UGC-Seminar Committee, GGDC, Mangalkote on 16.02.2019 at 01.00 pm. We sincerely hope that it will be an enriching experience for the students to listen to your thought provoking and pertinent deliberation.

We shall be highly obliged if you kindly accept our invitation.
