Abstract

Nowadays representative democracy is favorable to all over the world due to its efficiency to handle various spheres of public life. We are still not able to find better institutional mechanisms of management of complex issues that arise from the public sphere than representative democracy. Political parties are the backbone of representative democracy. In a multilingual, multi-ethnic, multi-religious country like India, for the fulfillment of the needs and aspirations of the divergent section of the country there are a number of political parties that evolve in the course of time. Several political parties are still in function and some are extinct. In this paper it has been trying to explore the reason behind the rise of erstwhile Bangla Congress in west Bengal and the long term impact of this party in the politics of west Bengal.

Keywords - representative democracy, extinct political parties, Bangla Congress, West Bengal Politics.

India is the largest democracy in the world. The state of India has been able to maintain its democratic system since independence. Democracy in the present age is representative democracy. Political parties are the foundation of these institutional arrangements. According to experts like Lucian Pie, 'Asia has very little experience of effective team systems. India, like many other countries in Asia, has long been under colonial rule. Most of the political parties in Asia have developed into an umbrella organization in the last stages of the struggle against the ruling colonial power. In India, the Congress party emerged as an
