NOTICE

No.IQAC.42/25

Date: 23.04.2025

In response to the invitation for collaboration in organizing and participating in a **Pan-India Solid and E-Waste Collection Drive** by the Start Up Foundation (MoU since 05/07/2024), on the occasion of **World Earth Day, April 22, 2025**, the college will host the Start Up Foundation, a recognized organization in the field of sustainable development and waste management, on **2nd May, 2025**, which will collaboratively carry out a **Solid and E-Waste collection drive in the campus and raise awareness about the Circular Economy** among the stakeholders of the institution as part of the Foundation's 2025 Earth Day celebration and nation-wide **“Our Power, Our Planet – Re-Earth: Act, Collect & Commit”** campaign to reduce, recycle and ensure responsible disposal of environmental pollutants.

In consonance with the goals of the drive, the college invites students, faculty members and support staff to contribute to the Solid and E-Waste collection by depositing/submitting old/used papers, plastic materials, exhausted/damaged stationeries and electronic items such as mobile phones, batteries, computers, wires and related accessories to the college authorities to be handed over to the representatives of the Foundation on the aforementioned day. The college as an institution will also contribute to the waste stock collection. As per the method prescribed by the Foundation, **the college office will function as the Collection Point from 25th to 30th April, 2025.**

All contributors are required to enter the details of the items deposited/submitted in a register available at the collection point from 25th May, 2025 and **will be awarded certificate for the contribution by the Foundation.** The representatives of the Foundation will reach the college premises at 11.00 a.m. on May 2nd, 2025.

Cooperation of all is highly solicited for making this collaborative initiative with Start Up Foundation successful and ensuring a sustainable future.
