Collaborating partner

Start Up Foundation

#BeatPlasticPollution

- ❖ **World Environment Day 2025**, observed on 5th June and hosted by the Republic of Korea, highlights the theme "**Ending Plastic Pollution**". It calls for urgent global action to reduce plastic waste, adopt sustainable alternatives, and protect ecosystems. This day serves as a reminder of our collective responsibility to safeguard the planet for future generations.
- ❖ **Theme:** Ending Plastic Pollution
- ❖ **Date & time of the event:** 4th June 2025, 1:00 PM onwards
- ❖ **Activities:** Quiz Contest & Poster Competition.
- ❖ Additionally, a webinar titled **Introduction to Environmental Science** will be hosted from 6 PM. Resource person: **Dr. Jiaul Islam**, *Assistant Professor in Environmental Science, Shambhunath College, Birbhum.*
- ❖ [Click here](#) for registration for Poster Competition
